

## **Improvements to Flore Millennium Hall**

The trustees of Flore Millennium Hall would like to turn the present storage room at the back of the hall into a village library and an additional meeting space. We need to build an additional space to house the Flore Heritage archive and as storage for hall users. We are proposing to apply for grant funding and need the views of the local community and the hall users to support our applications.

We would be grateful if you could complete the questionnaire and return to Gavin Rowe
